

Support Don't Punish 2021 Report

Support Don't Punish is a global campaign to promote harm reduction and call for drug policy debate and reform. The campaign aims to raise awareness of the failed war on drugs and the need for harm reduction responses, and also to support and strengthen national and regional advocacy efforts. It was launched in 2013 and includes an Interactive Photo Project and a Global Day of Action.

DPNSEE role

The Drug Policy Network South East Europe coordinates activities of the campaign in South East Europe around the Global Day of Action 26 June - which is also the United Nations' International Day against Drug Abuse and Illicit Trafficking.

In 2022, we participated in activities of the #DrugDecrim month to contribute to fighting stigmatisation and criminalisation of people that use drugs.

Preparations

Interested organisations were requested to send their proposals for actions directly to the call published by the campaign's global website. In addition, DPNSEE collected information from the organisations which applied and negotiated with those from countries which haven't had plans to participate. On the basis of these proposals, DPNSEE signed memorandums of understanding with leading organisations in each of the countries involved: Albania, Bosnia Herzegovina, Bulgaria, Croatia, Kosovo*, Montenegro, North Macedonia, Romania and Serbia. Organising partners from Greece and Slovenia traditionally made a separate memorandum of understanding directly with IDPC.

Participating organisations provided contact detail of their person responsible for this activity with whom communication was established. DPNSEE sent the list of activities to IDPC and [announced them on website](#) one week before the Global Day of Action.

This year, we are among 284 cities of 91 countries where the Global Day of Action was held under the motto **Support Don't Punish**, - adding to the 10-years long campaign's legacy of almost 1,800 activities organised in over 110 countries worldwide!

During the campaign

Before, during and after the Global Day of Action 26 June, DPNSEE actively followed activities in SEE countries, liked and forwarded information received from participating and the information about the global campaign.

DPNSEE also posted regular content on our social networks throughout the #DrugDecrim month.

Finances

In accordance with the plan of actions agreed with each country, IDPC provided USD 10,000 for DPNSEE to make sub-grants, which were forwarded to the national coordinators in accordance with the memorandums of understanding just after receiving the grant from IDPC.

DPNSEE received the amount of USD 1,000 for management costs related to administration, bank transfers and the coordination of the regional campaign.

Reporting

The DPNSEE staff collected and published articles alongside with photos of the involved organisations in the Network during the campaign on Internet page www.dpnsee.org and social media [Facebook](https://www.facebook.com/dpnsee), [Instagram](https://www.instagram.com/dpnsee) and [Twitter](https://twitter.com/dpnsee).

Conclusions

The participating organisations managed planned and organised effective activities and continue contributing to achieving its goals.
