

# Support. Don't Punish Country activities 2022

**Support. Don't Punish** is a global grassroots-centred initiative in support of harm reduction and drug policies that prioritise public health and human rights. The campaign seeks to put harm reduction on the political agenda by strengthening the mobilisation capacity of affected communities and their allies, opening dialogue with policy makers, and raising awareness among the media and the public.

The Support. Don't Punish campaign aligns with the following key messages:

- The drug control system is broken and in need of reform
- People who use drugs should no longer be criminalised
- People involved in the drug trade at low levels, especially those involved for reasons of subsistence or coercion, should not face harsh or disproportionate punishments
- The death penalty should never be imposed for drug offences
- Drug policy should focus on health, well-being and harm reduction
- Drug policy budgets need rebalancing to ensure health and harm reduction-based responses are adequately financed.

Information about the global campaign is available from the website <a href="http://supportdontpunish.org">http://supportdontpunish.org</a>.

The Drug Policy Network South East Europe coordinates activities of the campaign in South East Europe around the Global Day of Action 26 June - which is also the United Nations' International Day against Drug Abuse and Illicit Trafficking.

In 2022, we shall participate in activities of the **#DrugDecrim month** to contribute to fighting stigmatisation and criminalisation of people that use drugs.

#### **Activities**

- Express the accumulated dissatisfaction with the attitude of the Government towards health in general. In addition, we want to make it clear and loud that it is essential that all other prevention and treatment programs for citizens be properly budgeted and promoted.
- Podcast on the topic of what means the cut of funds from the programs of Ministry of Health, with three speakers and one presenter. The podcast to go live on our site on June 27th (Monday) and to send a press release to the media as well. Additionally, to have a media campaign from Friday to Monday (June 24-27) with statistics and similar infographics to raise awareness and mark the day. (we will specify the content further)
